My passion is wedding photography and being the 'storyteller.' Your wedding day is one of the most important days of your life. I will tell your wedding day story with my photos, capturing and preserving your love, joy, and treasured memories on your special day.

I enjoy the gift that God blessed me of capturing important events in pictures and making them available to you. I photograph weddings, reunions, anniversary celebrations, family & senior portraits, and special occasions at a reasonable cost. After your wedding day is over, your wedding albums and slideshow will preserve the memory of that happy occasion forever.

Your Wedding Day

I offer unlimited complete wedding day coverage with no time limit. I begin taking photos when the bride is getting ready and continue until the end of the reception. My photojournalism style and artistic imagery capture and preserve every important moment of your special day. I am unobtrusive while taking candid pictures before and during the ceremony.

- Traditional formal portraits after the ceremony including group shots and an optional outdoor creative session after the ceremony if desired.
- Traditional and candid pictures at the reception, capturing every available guest and item.
- Formal and fun portraits are taken at the reception as a bonus using a backdrop and studio lights if desired.
- All of the images are digitally retouched and color corrected to make them look the best.
